As a part of our growth journey, we are looking forward to on-board experienced candidates for the positions of **Finacle Customization** in our Bank.

The details are mentioned herein: -

Position: AM / Manager / Senior Manager – Finacle Customization

Location: Mumbai

Vacancies – 2

Eligibility Criteria:

Age: Preferably within 25 years to 45 years.

Qualification: Graduate or postgraduate degree in Engineering (B.E. / B.Tech in Computer Science / IT / Electronics), MCA, M.Sc. (IT / Computer Science) or equivalent qualification.

Experience and skills:

- 3–15 years of experience in Infosys Finacle customisation / development in a bank or Finacle implementation partner.
- Knowledge of Finacle core banking modules (CASA, Loans, Deposits, Payments) and Finacle customisation (scripts, menus, workflows and interfaces).
- Good knowledge of Oracle SQL / PL-SQL, Unix / Linux and shell scripting.
- For Manager / Senior Manager level, experience in leading a customisation team, reviewing technical designs and handling Finacle upgrades / impact analysis is required.
- Designation will be commensurate with the candidate's experience and performance in the selection process.

Job Role:

Responsible for analysis, design, development, implementation and support of Finacle customisations for core banking modules, ensuring that enhancements meet business requirements, banking processes, security controls and regulatory requirements.

- Analyse business requirements and prepare functional / technical specifications for Finacle customisations.
- Develop and maintain Finacle customisations, menus, workflows, scripts and interfaces as applicable.
- Support customisation of CASA, Loans, Deposits, Payments and other core banking modules.
- Coordinate with business users, Finacle support teams and vendors for requirement clarification and issue resolution.
- Perform unit testing, SIT, UAT support and production implementation of customisations.
- Analyse and resolve production issues related to Finacle customisations.
- Ensure customisations comply with banking processes, security controls and regulatory requirements.
- Maintain technical documentation, change records and deployment procedures.
- Support Finacle upgrades, patches and impact analysis of existing customisations.
- Review the work of team members for quality, coding standards, security and performance, and provide escalation support (Manager / Senior Manager).

If you wish to join the growth story in one of the leading co-operative sector banks, please send in your detailed resume along with photograph to careers@svcbank.com

Please mention position applied for in the subject line of the e-mail. Also, kindly note the following points: -

- Candidates must fulfil eligibility criteria as mentioned above.
- Details such as mobile number and e-mail ID mentioned in the resume should be valid and kept active during the recruitment process. These details would be useful for us in sharing instructions regarding interviews, documents, feedback, etc.
- Resume should be shared via e-mail only. No other modes of application will be accepted.
- SVC Bank does not engage any Agents / Agency for recruitment of any on–roll employees.
