As a part of our growth journey, we are looking forward to on-board experienced candidates for the positions of **Oracle Database Administrator** in our Bank.

The details are mentioned herein: -

**Position: AM / Manager / Senior Manager – Oracle Database Administrator**

**Location**: Mumbai

**Vacancies** – 3

**Eligibility Criteria**:

**Age**: Preferably within 25 years to 45 years.

**Qualification:** Graduate or postgraduate degree in Engineering (B.E. / B.Tech in Computer Science / IT / Electronics), MCA, M.Sc. (IT / Computer Science) or equivalent qualification.

**Experience and skills:**

- 3–15 years of experience in Oracle database administration, preferably in the Banking / BFSI sector.
- Hands-on knowledge of Oracle RAC, Data Guard, RMAN, ASM, OEM, performance tuning, patching, upgrades and migrations.
- For Senior Manager level, experience in database architecture, backup / DR strategy (RPO / RTO) and leading a team of DBAs is required.
- Designation will be commensurate with the candidate's experience and performance in the selection process.

**Job Role:**

Responsible for administration, monitoring, performance management, troubleshooting, backup / recovery, high availability and disaster recovery of Oracle databases supporting the Bank's critical banking applications. The scope will range from day-to-day database operations and support to advanced administration, database architecture and technical leadership, depending on the designation.

- Monitor Oracle database health, availability, storage, performance, alerts, jobs, sessions, tablespaces and logs across production, DR and non-production environments.
- Perform database administration, including startup / shutdown, user, role and privilege management, tablespaces, datafiles, indexes, partitions and security configurations.
- Manage database backup, recovery, RMAN operations and restoration activities, and validate backups.
- Monitor and optimise database performance, including SQL tuning, execution plans, indexing, memory, CPU, I/O and database parameters.
- Troubleshoot database incidents, blocking sessions, deadlocks, long-running queries, performance degradation, corruption and connectivity issues.
- Manage and support Oracle RAC, Data Guard, replication and other high-availability / DR configurations, and participate in DR drills.
- Perform and lead database patching, upgrades, migrations, consolidation and vulnerability remediation.

- Conduct database health checks, capacity planning and periodic performance reviews.
- Design, review and validate database architecture, backup, recovery and DR strategies, including RPO / RTO requirements.
- Establish database standards, security controls, hardening guidelines and operational best practices.
- Implement and review database changes in accordance with the Bank's change-management process, and track incidents, service requests and change requests as per ITIL procedures.
- Participate in major incident management, root-cause analysis and problem management.
- Provide technical guidance and escalation support to junior DBAs.
- Coordinate with application, infrastructure, network, cybersecurity, OEM and vendor teams for issue resolution.
- Support internal, regulatory and information-security audits, and ensure adherence to the Bank's security policies, access controls and regulatory requirements.
- Maintain SOPs, checklists, activity logs, architecture documents, DR procedures and operational MIS.
- Evaluate new Oracle technologies and recommend improvements for scalability, resilience, performance and cost optimisation.

If you wish to join the growth story in one of the leading co-operative sector banks, please send in your detailed resume along with photograph to careers@svcbank.com

Please mention position applied for in the subject line of the e-mail. Also, kindly note the following points: -

- Candidates must fulfil eligibility criteria as mentioned above.
- Details such as mobile number and e-mail ID mentioned in the resume should be valid and kept active during the recruitment process. These details would be useful for us in sharing instructions regarding interviews, documents, feedback, etc.
- Resume should be shared via e-mail only. No other modes of application will be accepted.
- SVC Bank does not engage any Agents / Agency for recruitment of any on–roll employees.
